Seniority Integration Analysis: Have been engaged to analyze the financial impacts of seniority mergers in every major airline merger since 2000. To date, have analyzed the economic impact on pilots and other employees in the mergers of Air Canada/Canadian, US Airways/America West, Northwest/Delta, Southwest/AirTran as well as the prospective mergers of US Airway/American Airlines, Continental/United, British Airways/Quantas and several others. Have acted as an expert and testified as a witness before several arbitrations, courts and tribunals. Have also been engaged to analyze the impacts of code share agreements, scope clauses and other corporate arrangements affecting the quality and quantity of work performed by the bargaining unit.

Costing and Contract Analysis: Have been engaged to analyze cost and benefits of proposed changes to collective bargaining agreements and employment contracts in several industries including airlines, and professional associations. Have developed several costing models used for analyzing proposals, negotiation support and decision making support. Have developed software and methodology for analyzing contract compliance on issues of scope, work rules, compensation and expenses.
